BNTA Fullstack Projects

Start thinking!

Brief Overview

- Free reign to create a fullstack application
- 2 weeks
- React frontend, Spring backend
- Other libraries ✅
- ..but only if everyone in group understands what they're for and how they work
- Full run-through of specs will happen on **Monday at 9.30am** in classroom zooms

Next steps

- Start to think of project ideas
- Feel free to post ideas in the chat channel - think of it as pitching to others to join your team!
- You are welcome to self-form groups:
  - Min: 3 people
  - Max: 5 people
  - No exceptions
- Don't worry if you don't have a group!
- Don't worry if there are not enough people in your group!
- Formal pitching process on Monday - Iain will help you organise
- Please message your trainers with any pre-formed groups by **9am Monday**
- **Monday 27th June, 9.30am start**
